14:10 Session 1 on Korea (第1セッション韓国)

“The COVID-19 pandemic and persons with disabilities in Korea”

Kim Ki Taec (Instructor, Korea Spinal Cord Injury Association education center for Disabilities Awareness)

「新型コロナウイルス感染症と韓国」金基澤 (韓国脊髄損傷者協会障害意識センターインストラクター)

In 1997, when I was a sophomore in University, I had a diving accident. Due to the accident, my cervical spine was broken so severely I became a quadriplegic. After that, I studied law in University. Since graduating from graduate school of law, I have lived independently working as an instructor at the Education Center for the awareness improvement of Disability in Seoul.

“Creating the First Global Website that consolidated COVID-19 guidelines for people with disabilities and how it works with Google to highlight disability and inclusion during a pandemic like COVID-19.”

Kim Kun Ho (Managing Director of Inclusive Technologies LLC, Harvard University Alumni)

「障害者向け新型コロナウイルス感染症ガイドラインを集約する世界初のグローバルウェブサイトの創設とグーグルコロナ対策サイトへの障害者のインクルージョン」金建浩（インクルーシブテクノロジーズLLC取締役社長、ハーバード大学同窓会）

While at Harvard, Kun Ho published a wheelchair travel guidebook after completing a cross-continental road trip in the United States. The book has been positively reviewed by Harvard Magazine, Huffington Post, and Lonely Planet. Moreover, He founded Muui, a prominent social enterprise in South Korea that promotes disability advocacy. Muui is currently working with the Seoul Metropolitan government to create a wheelchair accessible subway map. He also serves as a managing director of Inclusive Technologies LLC, which consults organizations and companies to embody diversity and inclusion in various ways.

14:30 Session 2 on China (第2セッション中国)

“The Role of Disabled Persons’ Organizations and Other Social Organizations in China during COVID- 19”

Li Xuehui (Director of the Disability Research Center, Zhejiang Normal University)

「中国における障害者組織と他の社会組織の役割と新型コロナウイルス感染症」李学会

(浙江師範大学障害研究センター長)

Xuehui Li earned his doctor of sociology degree from Fudan University. Dr. Li dabbled widely in the field of disability research. His past research has focused on education, employment, social support and policies for people with disabilities, focusing on the people with visual and intellectual (mainly autism) disability and their families. In recent years, he is committed to the development of databases in the field of disability research. And now, his research has focused on disability identity, gender inequality between and within the people with/ without disabilities, in addition to continuing previous research.

14 : 45 Session 3 on Taiwan (第3セッション台湾)

“The impact of COVID-19 and its policy responses on disabled people in Taiwan”

Lin Chun-Chieh (President of Independent living Taiwan)

「台湾における新型コロナウイルス感染症のインパクトと障害者に関する政策的対応」林君潔 (台湾障害者自立生活連盟会長)

Chun-Chieh Lin (林君潔) had been denied for her education rights and lived in a medicalized institution for eight months when she was a child. Later, she received a law degree from National Taipei University, and then involved in independent living (IL) training of the Duskin Leadership Training Program in Japan in 2005. She was one of main founders of Taiwan IL Center and an activist of IL and PA availability for disabled people in Taiwan since 2006.

Chou Yueh-Ching (Professor, Institute of Health & Welfare Policy, National Yang-Ming University)  
周月清 (国立陽明大学教授)

Yueh-Ching Chou (周月清) is Professor in the Institute of Health and Welfare Policy at the National Yang-Ming University, Taipei, Taiwan. Her recent research focuses on disabled people's independent living, older parental carers of people with intellectual/learning disability (ID/LD), life stories of people with ID/LD, and the impact of COVID-19 and its policy responses on disabled people.

15:05 Session 4 on Japan (第4セッション日本)

“The Covid 19 Crisis and the Experience of Polio Survivors: Life Before and After a Pandemic” Otani Izumi (Vice-Director, Institute of Ars Vivendi/Professor, College of Social Sciences, Ritsumeikan University)

「ポスト・ポリオはビフォー・コロナからポスト・コロナを生きる」大谷いづみ  
(立命館大学生存学研究所副所長・立命館大学産業社会学部教授)

- Contracted polio in 1960 at the age of 9 months, condition became more severe in 2012 when both legs were broken.
- Has been involved in establishing bioethics education in high schools since the mid-1980s.
- 2004-2007 Senior specialist for curriculum, Elementary and Secondary Education Bureau, MEXT (Ministry of Education, Culture, Sports, Science and Technology)
- 2004-2007 Part-time lecturer on bioethics, Chiba Institute of Science
- 2006 Completed Ph.D., Research topics: bioethics and bioethics education, the history of euthanasia/death with dignity

“Impact of the COVID-19 on Persons with Psychosocial Disabilities” Ito Kasumi (Ph.D. candidate, Graduate School of Core Ethics and Frontier Sciences, Ritsumeikan University)

「日本における新型コロナウイルスの 精神障害者への影響」伊東香純（立命館大学先端学術総合研究科院生）

I'm a graduate student in Kyoto, Japan. My major is sociology and disability studies. I research on global movements of persons with psychosocial disabilities, focusing on their reasons and ways of developing solidarity despite great differences of their experiences and opinions.
